

OBJECTIVE

I am concerned with the balance between design that is beautiful, design that is functional, and design that is intelligent. I challenge myself to achieve the finest relation between those three in every project. Work that embodies all of these qualities sensibly can be enjoyed timelessly.

EXPERIENCE

- 1** INTERACTIVE DESIGNER
Smith Brothers Agency 2009–2010
Worked on large teams for worldwide brands such as Del Monte®, Heinz®, and Nestle®. Helped conceptualize and produce pitches for both digital and traditional ad campaigns.
- 2** DESIGNER
Mind Over Media, 2008–2009
Operated as primary designer jumping from interactive to branding projects. Gained experience working for multiple educational clients, and created the visual base for a capital campaign for Grove City College.
- 3** FREELANCE DESIGNER
2006–Present
Supplying branding, interactive, and illustration for small businesses and non-profit organizations. Personal work conducted primarily to explore a different method of or approach to designing.
- 4** WEB DESIGNER/DEVELOPER
ctrlShift Inc., 2007–2008
Designed and developed web sites for small businesses. Gained experience drafting contracts and communicating with clients. Developed a bare bones CMS solution with PHP.
